

GRAB YOUR UMBRELLA

WHILE OUR CUSTOMERS SHOWER US WITH PRAISE

We love it when Progress customers shower us with praise—especially when they're talking up our enterprise integration solutions.

Word has it that big-name companies like **British Airways**, **AutoTrader.com** and **Cerner** are boosting performance, reliability and the bottom line with Progress® Sonic® ESB 8.5 and Progress® SonicMQ®. And all with bulletproof availability, no less. But don't take our word for it. Take it from the companies that rave about Progress. [Contact us](#) to hear more.

Sincerely,
The Progress Software Team
